

PROJECTX INDIA | SEPTEMBER 15, 2026 EDITION

Have You Checked Out Our Latest Edition?

It packages a wide range of project opportunities relevant to Waste Management Solution Providers.

334

Verified Projects

70+

Industry Sub-Sectors

Pan-India

Project Coverage

ProjectX India | September 15, 2026 Edition brings together 334 verified new projects across 70+ industry sub-sectors in India. For companies providing Waste Management, Wastewater Treatment, Recycling, ETP, STP, Waste-to-Energy and related environmental solutions, the edition packages opportunities across a much wider project ecosystem.

The following is a selected opportunity map from the latest edition, showing the breadth of projects relevant to the environmental and waste-management industry — from direct waste and wastewater projects to industrial, healthcare, hospitality, residential and municipal developments.

The examples below are only a selection of the opportunities packaged in the latest ProjectX India edition.

What the edition covers

- Municipal solid waste and waste-processing projects
- STP, ETP and sewerage infrastructure
- Waste-to-Energy and recycling projects
- Industrial projects with environmental-management requirements
- Hospitals, hotels and residential developments
- Municipal drainage, WASH and waterbody-related infrastructure

01 | Direct Waste Management & Recycling Projects

These are explicit opportunities for waste management, wastewater treatment, recycling, landfill, waste-to-energy and related environmental infrastructure.

Project Opportunity	Opportunity Area
DPR for Solid Waste Management under SBM 2.0 at Anuppur	Municipal solid waste
2,400 kg/hour Common Biomedical Waste Treatment Facility in Nuh	Biomedical / hazardous waste
Scientific Landfill for Municipal Solid Waste Rejects at Hadapsar	Landfill & waste processing
Oil Green Energy to Develop Four Waste-to-Energy Plants in Haryana	Waste-to-energy
Steel Ingots, Billets and Flanges Manufacturing Unit through Scrap Recycling	Scrap metal recycling
Sewage Treatment Plant at Naval Base Porbandar	STP / wastewater
Sewage Treatment Plant at Naugam	STP / wastewater
Balance Works of Sewerage Project at Mandleshwar	Sewerage infrastructure
Operation and Maintenance of 4.5 MLD Sewage Treatment Plant at Sindhibasti	STP O&M;
O&M; of Sewage Treatment Plant at Animal Birth Control Centre	STP O&M;
0.5 MLD Sewage Treatment Plant for Magh Mela 2026-27	Temporary / modular STP
DPR for Modern Slaughterhouses with ETP Facilities	ETP
Effluent Treatment Plant at DAGEGC, Jamnagar	Industrial ETP
DPR for Restoration and Rejuvenation of Borsola Beel	Waterbody / waste mitigation

02 | High-Yield Industrial Opportunities

Industrial manufacturing, chemical, pharmaceutical, distillery, cement, refinery and other projects can create significant requirements for environmental systems, treatment, recovery and waste-management solutions.

Project Opportunity	Opportunity Area
Establishment of Pharmaceutical and Pesticide Intermediates Manufacturing Unit in Sonipat	Pharma / chemicals
Expansion of Drug Intermediates and API Manufacturing Facility	Pharma / API
Establishment of Fine and Specialty Chemicals Manufacturing Facility at Ambernath	Specialty chemicals
Establishment of Dyes and Dyes Intermediates Manufacturing Unit in Jalore	Dyes / intermediates
Coastal Corporation Plans 300 KLPD Ethanol Plant in Odisha	High-organic wastewater
Expansion of Molasses-Based Distillery in Moradabad & Grain-Based Distillery at Basti	Distillery effluent
Establishment of Integrated Cement Plant in Dima Hasao	Cement / industrial waste
0.3 MTPA Cement Grinding Unit at Prakasha, Nandurbar	Cement / process waste
Establishment of 6 MMTPA Cement Grinding Unit in Thane	Cement / process waste
Hindalco Commissions 30,000 TPA Superfine PPT ATH Plant Karnataka	Industrial manufacturing
3F Industries Plans Manufacturing Unit Expansion Near Krishnapatnam Port	Industrial processing
Viscose Staple Fibre Plant Expansion at Vilayat	Fibre / industrial effluent
Expansion of CEAT Tyre Manufacturing Facility at Halol & Tollins Tyres Facility in Palakkad	Tyre manufacturing
Nutricia International Plans Manufacturing Unit Expansion in Mohali	Manufacturing
Revamp of CDU-4 and Auxiliary Units at Mumbai Refinery	Refinery / wastewater

03 | Healthcare, Hospitality & Residential Projects

Large developments can create opportunities for sewage treatment, organic waste management, greywater reuse and other environmental infrastructure.

Project Opportunity	Opportunity Area
681-Bed Multi-Super-Specialty Hospital at Yendada	Healthcare
475-Bed Apollo Super Speciality Hospital at Bengaluru	Healthcare
Expansion of AIIMS New Delhi Redevelopment Project with Critical Care Unit	Healthcare
Development of Educational Institute and 600-Bedded Teaching Hospital in Tumkur	Healthcare
Livasa Hospital Flagship Facility Proposed in Ludhiana	Healthcare
Warangal Super Specialty Hospital & 650-Bed Hospital Project at Khalilabad	Healthcare
Radisson Plans 5-Star Hotel Near Ongole	Hospitality
ELAN Group, Marriott to Develop JW Marriott Hotel Gurugram	Hospitality
Southern Railway Plans Three-Star Budget Hotel at Guruvayur Station	Hospitality
Aishwarya Awas Proposes Anand Resort in Kanpur	Hospitality
Adani Power Seeks Environmental Clearance for Residential Township in Anuppur	Residential township
Group Housing Colony Project at Sector 105, Gurugram	Residential
Group Housing Project at Greater Noida & Agastya Infratech Group Housing Project in Lucknow	Residential
1,002-Unit Residential Apartment Project at Bengaluru	Residential
Godrej Properties Proposes Expansion of Pune Residential-Commercial Project	Residential / commercial
High-rise residential and commercial building at Mayakhedi	Residential / commercial
Multistorey Residential Apartment Project at Athmakuru	Residential

04 | Municipal, Civic & Drainage Infrastructure

Urban infrastructure programmes add opportunities in stormwater management, drainage, sanitation, WASH and waterbody-related work.

Project Opportunity	Opportunity Area
Integrated Urban Drain Rejuvenation and Green-Blue Corridor Project at Aligarh	Drain rejuvenation
DPR for Storm Water Drainage Master Plan of Gopeshwar	Stormwater management
GIS-Based Drainage Plan for Banbasa & Tanakpur	Drainage planning
DPR for Blue-Green Open Space at Rupnagar	Blue-green infrastructure
Toilet and Parking Facilities Development at Toll Plazas	Sanitation / wastewater
WASH Facilities on UPEIDA Expressways	Water, sanitation & hygiene
